

AFGHANISTAN CRITICAL

FIRST AFGHAN FAMILY IS OUT

Afghanistan Critical Update with Dr. RT Kendall

Here I am with my long-time friend RT Kendall.... and I'm so very grateful that he was willing to share his thoughts on our Afghanistan Critical project.

We both want to share this good news with you - Our first Metro Afghan staff's family is out of the country!

Praise the Lord!!! We couldn't have done this without help from all around the world. YOU'RE HELP! That's what's making this possible. SO, THANK YOU...

However, we still have a long way to go...

We're following the same route now that worked for the first family to rescue the rest of the staff and their families, but the work doesn't stop there. As I said in the video, once they get across the border, we need to help them to get VISAs and then get them on an airplane to a third country for resettlement.

That includes housing, children's schooling, and even the simple living expenses, like FOOD...etc... the list goes on...

SO, WE STILL NEED YOUR HELP

Please continue to pray. We have many people that are fasting all over the world for protection for our team members, for God to move on people that have not yet gotten involved, and the peace passes all understanding to come upon our folks in this extremely difficult and critical time.

The POWER OF PARTNERSHIP is alive and well and literally saving lives as you're reading this. We need your help more than ever before.

THANK YOU ... THANK YOU ... THANK YOU
